

IN FULL BLOOM

IN FULL BLOOM

About Your Florist

Hi there friends!! My name is Lexi Lupton! I live on the central coast with some roommates while I go to school and run this business!

I am a 3rd year Agricultural Communications student at Cal Poly State University San Luis Obispo! I have been pursuing my passion for floral design since high school and will be arriving at my 7th year of designing this winter!

I have a love for all things Jesus, humans & flowers! I do my best to use my skills to honor and celebrate the couples that I get to do wedding flowers for! It really is a gift!

In Full Bloom was started in 2020 in hopes of adding value to all weddings, events and installations with intentional floral design!

This last year has been an absolute joy!

In Full Bloom has been a part of over 20 weddings & loads of events!

Prices & Budgeting

Money does not need to be an awkward topic of conversation!!

I am here to come alongside you and honor your wedding budget while honoring my efforts and time as well!

Each wedding, event and installation is unique- therefore each budget is unique! It is very beneficial to inquire and chat about your vision before I give you a set price!

However, due to high volume of inquires and current industry flower shortage (due to covid 19): big bummer), In Full Bloom has a minimum of \$3,500 for all weddings.

In Full Bloom does allow room in the yearly budget to accompany and help two wedding budgets that do fall under that \$3,500 minimum.

Simply put!!! Inquire and let's chat more over a phone call, email or a coffee!

I look forward to hearing from you soon!
